

# Heavier or lighter

Use weighing balance to find which is heavier or lighter

Example - The kitkat is heavier than the eraser

Pencil and crayon

Dairy milk and perk

Eraser and glue

kitkat and munch

Pen and sketch pen

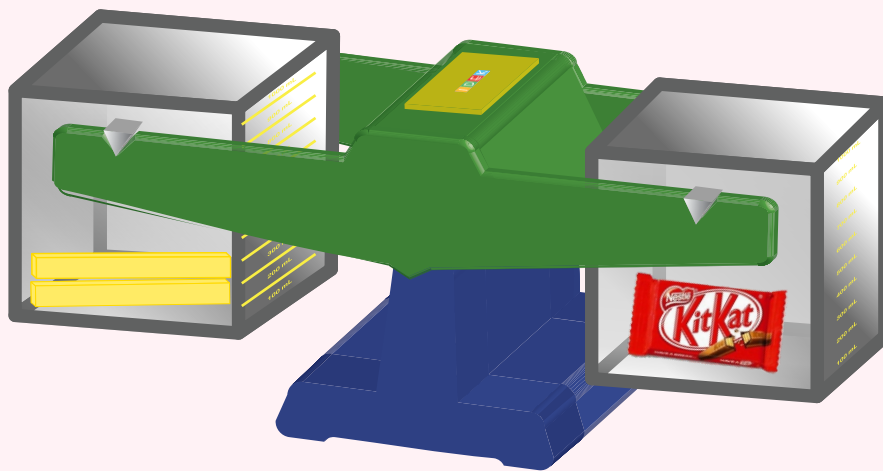

# Weigh it

Use weighing balance and measuring weights to weigh the following objects

1 yellow rod = 10 gram

1 cube = 1 gram

Example - This kitkat weighs two yellow rods or 20 grams

Object	No of weights
Pencil	
Crayon	
Eraser	
Chocolate	
Glue
